

## LIGHTHOUSE CLUB LATE LUNCH

---

October's event was brought forward one week from the 31<sup>st</sup> to the 24<sup>th</sup> as a number of people intend to be away in Hong Kong for the 31<sup>st</sup> to watch Australia play New Zealand in the last leg of the Bledisloe Cup.

Our venue was Tenderloins in Soi 33 and due credit should be given for an excellent meal and service in a very comfortable venue. A total of 32 lunchers turned up with only a few no shows who will be heavily fined at the next event.

We were graced with the presence of our Lighthouse Club new Chairman Jon Prichard who attended his first lunch. Always a pleasure to share a table with him.

Siam City Concrete in the guise of Andy Talling provided the wine. A total of 30 bottles were presented for demolition and the choice's of red and white were generally well accepted. Thank you Andy. Andy gave a few words on the advantages of high strength concrete in these days of high steel prices, so look out 6 inch wide columns on the next few high rises.

We also had another first when we had a supplier exhibit and talk about his products for a contribution to the Kitty. Peter King of Kings Products described and showed his composite wood and plastic boards which offer a number of advantages and opportunities to backlight walls.

All in all an interesting day.

Next event is on 28<sup>th</sup> of November at the Barbican in Thaniya Plaza.
